

# THE BOTSWANA CIRCUIT

## THE AFRICAN WILDERNESS

Imagine a place where you can quietly pass through the African bush in mokoro canoe while listening to hippos snorting, tracking elephants and coming so close you can touch them. A place where you can watch wild dogs or lions feasting on their prey so close to your car that you'll catch your breath.

And that's exactly what Botswana is — wild, inaccessible, colourful and extremely beautiful. It is an opportunity for unique experiences like no other safari destination. Whether you decide to spend your time in the unrivalled luxury of the local lodges or simply in a tent on the roof of an expedition car in the middle of the bush.

An incredible 17% of Botswana's area is dedicated to national parks and another 22% is other reserves. Together, they comprise huge areas of untouched landscape and a place where you will enjoy complete solitude. Both travellers and animals appreciate this fact. This country boasts the largest concentration of elephants, or the second-largest migration of large land mammals in the world. While getting a bird's-eye-view of the inland delta of the Okavango River is a must, experiencing the endless vastness of the largest salt plains in the world — Makgadikgadi — is a dream come true for all lovers of absolute solitude.

13 days

12 nights

## WHAT TO LOOK FORWARD TO?

Elephant

Lion

Leopard

Giraffe

Hippopotamus

Rhinoceros

Antelopes  
(dozens of species)

Cheetah

Hyena

Zebra

- **Victoria Fall** — we'll run off to Zimbabwe for a day in order to visit one of the world's natural wonders
- **Scenic flight** over the Okavango Delta
- **Taking a trip** in a mokoro or motorboat
- **Boat safari** on the Chobe River
- **National parks** and protected areas: Okavango, Moremi, Savuti, Linyanti, Chobe, Makgadikgadi

## WHEN TO HEAD OUT?

**April-June:** pleasant temperatures, lush vegetation, migration of zebras from Nxai Pan toward the north to Chobe, few tourists

**July-October:** main season, ideal conditions for observing game, dry vegetation, game tends to stay near sources of water.

**November-March:** rainy season, Okavango Delta, almost impossible to traverse just like the salt plains

## ITINERARY

DAY 1	Maun
DAY 2-4	Okavango Delta and Moremi
DAY 5-6	Savuti a Chobe
DAY 7-8	Kasane and Victoria Falls
DAY 9-11	Makgadikgadi and Nxai Pan salt
DAY 12-13	Maun

### PRICE

With a group of 6 travellers **CZK 79 000/person**  
(USD 265/person/day).

Flying over the Okavango Delta, approx. USD 150, a trip in a mokoro, approx. BWP 350, flying over Victoria Falls, approx. USD 200, boat safari in Chobe, approx. BWP 500.

### NOT INCLUDED IN THE PRICE

International flights, travel insurance.

### PROS AND CONS

- + few tourists in a huge area, eco-friendly lodge
- + an enormous concentration of large mammals and other animals in the north
- + diverse landscape and scenery — deserts, rock formations, salt plains, grassy savannah and wetlands of the Okavango Delta
- + sparse inhabitation and extremely remote, virgin areas
- + political stability and safety
- an expensive destination with relatively expensive premium services and a small selection of different accommodation and service price points

The trip can be adjusted as per individual request. Do not hesitate to contact us. For example, we can add a hunt in Limpopo, Khama Rhino or Mapungubwe. Mapungubwe.
