

THE SOUTH AFRICA AND CAPE TOWN CIRCUIT

THE BEST OF SOUTH AFRICA

We'll set off on a safari to the oldest and largest national park in South Africa – the iconic Kruger National Park, comparable to England when it comes to size. While travelling through the landscape full of acacias and baobabs, you may be lucky and meet the entire Big Five as well as many other animals. A close encounter with game during a morning bush walk or adrenaline night drive will surely take your breath away.

Then we'll fly to the very south of the continent, which you will forever associate with excellent wine and food: a fusion of European, Indian and African elements. Whether you take the cable car or you hike up, you'll never forget Cape Town, looking down from Table Mountain. You simply won't be able to resist running around the picturesque bays and beaches; the sea lions, penguins or whales certainly won't scare you as much as the great white sharks, who you can join by diving in a cage. Golf lovers will discover some of the best golf courses and will definitely want to come back as soon as possible to improve their handicap.
