

THE SOUTH AFRICA CIRCUIT

SAFARI A GOLF

An African safari in the iconic Kruger National Park, together with the divine views in the world's largest green canyon and golfing on one of Africa's best courses. Embark upon a journey to see Africa's Big Five, which calls this landscape filled with baobabs and acacias home.

Relax in the luxury golf resort suites overlooking golf courses designed by world-class players like Ernie Els. And of course, you can play if you feel like it. If you play at Skukuza, an unfenced course within the borders of Kruger National Park, you'll have to pay attention to your golfing style as well as the wild animals around you.
